## *iPad Policy, Procedures, and Information*

2019-2020

Children's lives are constantly engaged in mobile digital technologies – tablet computing, games, cellphones, and smartphones. If we as educators can carefully manage and capitalize on these technologies, we will *significantly* boost their learning. Mobile devices are part of the routine of children's lives today. The question is no longer whether we should use these devices to support learning, but how and when to use them.

The personalization and socialization of online tools have captivated the students of today. They have the ability to build large networks of friends; share their thoughts, feelings, and goals; and communicate as they wish. They have the ability to interact with other learners at their convenience, with time and place presenting no hurdle.

Students have become so invested in mobile devices that our society has coined a new term for them, "*digital natives*". They only know a world where this is possible. It is a world where anytime and anyplace makes learning possible via cellular and WiFi networks.

So what is all this doing for K-8 education at St. Mary's School? Nothing short of disrupting and transforming the established teaching and learning paradigm. Education is facing two distinct challenges today: Students *want* and *desire* to learn in different ways and students *want* and *need* to learn in different ways. The availability and use of mobile technology is helping to solve those two challenges facing education today.

St. Mary's School's 1:1 iPad setting empowers students and teachers to use technology like adults do in the real world, accessing and using purposeful technology based tools anytime a task calls for them. This learning results from the continuous dynamic interaction among students, educators, parents and the extended community. Technology immersion does not diminish the vital role of the teacher. To the contrary, it transforms the teacher from a director of learning to a facilitator of learning. Effective teaching and learning with our 1:1 iPad program integrates technology into the curriculum anytime, anyplace and we are no longer limited by the four walls of a classroom.

The policies, procedures and information within this document apply to all iPads used at St. Mary's School, including any other device considered by the Administration to come under this policy. Individual teachers may set additional requirements for use in their classrooms.

## **1. RECEIVING YOUR IPAD & IPAD CHECK-IN**

### **1.1 RECEIVING YOUR IPAD**

iPads will be checked out each fall to all incoming St. Mary's students. **Parents & students must sign and return the iPad Agreement and Student Pledge documents (found of pages 11 & 12 of this handbook) and pay the Technology fee before the iPads can be issued to each class. 6-8<sup>th</sup> grade students will not be able to bring iPads home until their whole class has turned in the required documents and paid the fee.**

### **1.2 IPAD CHECK-IN**

All St. Mary's issued iPads, cases, chargers and cords will be returned during the final week of school so they can be updated, serviced and stored safely for the summer.

If a student transfers out of St. Mary's School for any reason, the iPad must be returned at the date of termination. Students who withdraw, are suspended or expelled, or terminate enrollment at St. Mary's School for any other reason must return their iPad on the date of termination. If a student fails to return the iPad at the end of the school year or upon termination of enrollment at St. Mary's School, that student will be subject to criminal prosecution or civil liability. The student will also pay the replacement cost of the iPad. Failure to return the iPad or if the iPad is stolen will result in a theft report being filed with the local law enforcement agency.

If the iPad appears undamaged, the iPad will be reassigned the following school year. If the student returns to St. Mary's the following school year, the iPad will be inspected, serviced and assigned back to the student. If the iPad appears damaged, please refer to "Section 8" for further explanation of replacement costs.

School issued iPads & iPad accessories are property of St. Mary's School and students are responsible for returning them in reasonable condition. Furthermore, the student will be charged a fee for any needed repairs, not exceed the replacement cost of the iPad.

## **2. TAKING CARE OF YOUR IPAD**

Students are responsible for the general care of the iPad they have been issued by the school. iPads that are broken or fail to work properly must be taken to their teacher or administration for an evaluation of the equipment.

### **2.1 GENERAL PRECAUTIONS**

- The iPad is school property and all users will follow this policy and St. Mary's acceptable use policy for technology.
- Only use a clean, soft cloth to clean the screen, no cleaners of any type.
- Cords, cables, and headphones must be inserted carefully into the iPad to prevent damage.
- iPads must remain free of any writing, drawing, stickers or labels that are not the property of St. Mary's School.
- iPads should always be supervised by the student to which the iPad is assigned and should never be left in an unsupervised area.

## **2.2 CARRYING IPADS**

The protective cases provided with iPads have sufficient padding to protect the iPad from normal treatment and provide a suitable means for carrying the device within the school premises. The guideline below should be followed:

- iPads will always be within the protective case provided by St. Mary's School.
- iPads should be carried with caution and should always be carried on top of books and other school supplies to prevent damage to the iPad's screen.

## **2.3 SCREEN CARE**

The iPad screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on the top of the iPad.
- Do not place anything near the iPad that could put pressure on the screen.
- Do not place anything in the carrying case that will press against the cover.
- Clean the screen with a soft, dry cloth or anti-static cloth.
- Do not "bump" the iPad against lockers, walls, car doors, floors, etc. as it will eventually break the screen.
- If your iPad is placed in your bookbag to take home, take special care of your book bag.

# **3. USING YOUR IPAD AT SCHOOL**

iPads are intended for use at school each day. In addition to teacher expectations for iPad use, school messages, announcements, calendars and schedules may be accessed using the iPad. Students must be responsible to bring their iPad to all classes, unless specifically instructed **not** to do so by their teacher.

## **3.1 IPADS LEFT AT HOME**

If students leave their iPad at home, they are responsible for getting the course work completed as if they had their iPad present. If a student repeatedly (3 or more times) leaves their iPad at home, they will be required to check out their iPad from administration for 3 weeks.

## **3.2 IPAD UNDERGOING REPAIR**

Loaner iPads may be issued to students when they leave their iPads for repair. There may be a delay in getting an iPad should the school not have enough to loan.

## **3.3 CHARGING YOUR IPAD'S BATTERY**

iPads must be brought to school each day with at least a 50% charge. Students need to charge their iPads when it goes below 50% charge. Repeat violations (minimum of 3 days not consecutively) of this policy will result in students being required to "check out" their iPad from administration for 3 weeks. The 4th violation will result in the loss of iPad privileges for 3 weeks.

In cases where use of the iPad has caused batteries to become discharged, students may be able to connect their iPads to a power outlet in class.

## **3.4 SCREENSAVERS/BACKGROUND PHOTOS**

- A screensaver or background photo must be appropriate for school usage. Questionable photos must be removed. Administration has the right to determine questionable photos. If

a second questionable photo is used, students will lose customizing privileges and this act will result in disciplinary actions.

- **Passcodes and locks within the Apple settings are NOT allowed.**

### **3.5 SOUND, MUSIC, GAMES OR PROGRAMS**

- Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
- Games are NOT allowed on the iPads unless approved by the classroom teacher or administration.
- All software/apps/games must be school approved. Any paid apps will be provided by the school. Data storage will be through apps on the iPad, cloud based computing and email to a server location.
- Videos or music are allowed on the iPad at the discretion of the teacher.

### **3.6 ONLINE ACCOUNT USAGE**

- Usage of the school iPad includes access to online accounts including, but not limited to: digital storage, school-based email, and Apple IDs. Acceptance of the iPad policy acknowledges parental consent for the creation of such online accounts for the purpose of educational use.
- Accounts will be created by the school on behalf of students. All accounts created using the school email address are the property of the school and can be monitored at any time.
- Students are responsible for maintaining access to these accounts by remembering usernames and passwords or recording them. Forgetting login information is not an excuse for missing or late work.
- Inappropriate usage of any online account will result in loss of account access privileges.
- Students are not allowed use their school email address to sign up for any accounts that aren't approved by teaching or administrative staff.

### **3.7 HOME INTERNET ACCESS**

Students are allowed to set up wireless networks on their iPads. This will assist them with iPad use while at home. Printing at home will require a wireless printer, proper settings on the iPad and the correct app.

## **4. MANAGING YOUR FILES & SAVING YOUR WORK**

### **4.1 SAVING TO THE IPAD/HOME DIRECTORY**

To ensure that students work is not lost, it is recommended students store their work in Google Drive. Storage space will be available on the iPad – BUT it will NOT be backed up in case of re-imaging. It is the student's responsibility to ensure that their work is not lost due to mechanical failure or accidental deletion. iPad malfunctions are not an acceptable excuse for not submitting work.

### **4.2 NETWORK CONNECTIVITY**

St. Mary's School makes no guarantee that their network will be up and running 100% of the time. In the rare case that the network is down, St. Mary's will not be responsible for lost or missing data.

## **5. SOFTWARE ON IPADS**

### **5.1 ORIGINALLY INSTALLED SOFTWARE**

The software/apps originally installed or required by St. Mary's must remain on the iPad in usable condition and be easily accessible at all times. From time to time the school may add software applications for use in a particular course. The licenses for this software require that the software be deleted from iPads at the completion of the course. Periodic checks of iPads will be made to ensure that students have not removed required apps.

### **5.2 ADDITIONAL SOFTWARE**

Students are not allowed to load extra software/apps on their iPads. Students may not add apps or sync to their home or personal iTunes accounts.

### **5.3 INSPECTION**

Students may be selected at random to provide their iPad for inspection by any teacher or staff member at any time for any purpose. iPads must be turned over immediately.

### **5.4 PROCEDURE FOR RE-LOADING SOFTWARE**

If technical difficulties occur or illegal software is found, or non-St. Mary's approved apps are discovered, the iPad will be restored. The school does not accept responsibility for the loss of any software or documents deleted due to reformatting.

### **5.5 SOFTWARE UPGRADES**

Upgrade versions of licensed software/apps are available from time to time. Students should NOT complete the any iOS updates until notified.

## **6. ACCEPTABLE USE**

The use of St. Mary's technology resources is a privilege, not a right. The privilege of using the technology resources provided by St. Mary's is not transferable or extendible by students to people or groups outside the school and terminates when a student is no longer enrolled in St. Mary's School. This policy is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources. If a person violates any of the User Terms and Conditions named in this policy, privileges may be terminated, access to the school's technology resources may be denied, and the appropriate disciplinary action shall be applied. - Should you want your student to opt out of having an iPad or any online accounts, you will need to sign a form indicating this and understand that your student is still responsible for meeting the course requirements (may take longer).
- Internet filtering software is applied to all networks (including off-site networks) the iPad connects to; however, the software does not filter 100%. St. Mary's is not responsible for
