

St. Mary's Bag of Blessings Project

For the past eight years, during Catholic Schools Week St. Mary's students started the Bag of Blessings Project (formerly the Purple Bag Project) as part of our mission of service. This project supports patients at RC Hospitals undergoing treatments such as chemotherapy. The hospital has shared with us the great need for these bags, and are done in partnership with Renville County Walk in the Park.

Last year, we were able to provide 39 bags to RC Hospital for their patients and families for a total of **392 bags over the course of this project**. We were overwhelmed by the generosity of St. Mary's students and families and have received wonderful feedback from the hospital and from patients that received the bags. Because of this impact, we'd like to be able to provide 40 bags this year.

Ways You Can Help:

In order to make these bags extra special, we have again partnered with Thirty-One to give our care packages in a quality bag that would allow patients to take them back and forth to their treatments. This year we will be offering two different bags. One is the Wearable Utility Tote or a Let's Lunch Cooler Bag Storage Tote. **These bags are being offered at a discounted rate for our project, but only for a limited time!**

Sponsor a Bag or Buy a Bag - \$25/ \$35

Purchase a bag to be filled by St. Mary's Students and given to a patient. You may also buy a bag for yourself to help us donate more bags for patients. We are offering two styles for you to choose from- a brand new 31 Style - the Wearable Utility Tote (Original price \$40) for \$35 dollars or a Let's Lunch Cooler Bag (Original Price \$29) for \$25 dollars. Choose the style and print to use for yourself. Please return payment with the attached form by **Friday, February 9th**.

Donate Bag Fillers

In addition to the bags, we are looking for items to fill the bags! Please send any of the following items (in new condition/original packaging), or cash donations to purchase these items by **Friday, February 9th**.
