

St. Mary's School is a special place which helps foster growth in children in their academic, spiritual and social lives. We strive to provide the highest level of technology, instruction and facilities for our students. To meet this goal, we depend on donors to support our efforts. Please consider a financial contribution to our school to keep this tradition alive for many years to come. Your tax deductible donation makes this possible!

## Mission Statement

St. Mary's School in Bird Island serves the area students in preschool through eighth grade by providing a Christ-centered Catholic education where academic excellence, self-worth and faith development go hand in hand in a nurturing environment.
